# EASY BOB

EASYBOBBINS.COM

PRODUCT BY:

**TRIAD PRODUCTS**

The Easy Bob is a patented design created by Triad Products Co. The design features simple snap open & close, which ensures tangle-free line for the entire time your product is on the spindle. This unique closure design also protects your product against water and dust. The bobbins are easily adaptable to most winding machines.

The simplicity and easy-to-use function of the design makes it perfect for multiple kinds of material. It works with line, fine wire, thread, solder, wick, fishing line, monofilament, and more!
